

Cycle Care & Partner Connect

Brand Identity System & Visual Logo Design Portfolio

Executive Concept: Cycle Care is an empathetic, privacy-first women's wellness ecosystem designed to outshine clinical, sterile competitors (such as Flo and Clue). Our visual identity bridges the biological elegance of natural hormonal cycles with a supportive empathy bridge for partners. This dossier showcases the four distinct visual explorations generated for the platform.

★ SELECTED PRIMARY IDENTITY

Design 01: The Eclipse Bloom

An elegant terracotta crescent moon embracing a blooming lotus petal with an ethereal golden spark. Chosen for its timeless balance of scientific biorhythm symbolism, warmth, and luxury wellness aesthetics.

Status: Integrated as official Web & PWA App Icon, Navbar Mark, and Favicon.

Live Demo: <https://hack2ignite-practice.onrender.com>

DESIGN 01 — THE ECLIPSE BLOOM

Primary Selected Brand Identity

Design Concept & Rationale

The Eclipse Bloom is the chosen centerpiece for Cycle Care. It depicts an unbroken, sculptural terracotta crescent moon cradling a multi-tiered lotus blossom, crowned by a subtle 4-point golden star.

Key Symbolisms:

- **Lunar Crescent:** Echoes the 28-day monthly biorhythm and natural tide cycles.
- **Blooming Lotus:** Represents personal resilience, renewal, and pelvic wellness.
- **Golden Guiding Star:** Symbolizes mindful clarity, health optimism, and inner calm.

Emotional Tone: Warm, discreet, editorial, and deeply reassuring.

Best Suited For: App store icon, luxury wellness packaging, digital identity.

Asset Role	File Reference	Resolution	Deployment Channel
Primary App Icon	static/icons/icon-512.png	512 x 512 px	PWA Standalone & Android Manifest
Apple Touch Icon	static/icons/apple-touch-icon.png	180 x 180 px	iOS Safari Home Screen Launcher
Browser Favicon	static/icons/favicon.png	64 x 64 px	Desktop & Mobile Browser Tab Mark
Header Brand Mark	static/icons/logo.png	256 x 256 px	Self & Partner Navigation Bars

DESIGN 02 — THE EMPATHY LOOP

Partner Connection & Mutual Care Exploration

Design Concept & Rationale

The Empathy Loop focuses squarely on the unique value proposition of Cycle Care: the 'Empathy Bridge'. It presents an unbroken infinity ribbon in a terracotta-to-aubergine gradient where the left curvature forms an anatomical heart silhouette and the right forms a continuous cycle ring.

Key Symbolisms:

- **Infinity Ribbon:** Continuous, uninterrupted communication between partners.
- **Heart Contours:** Empathy, understanding, and loving micro-care actions.
- **Dual Circles:** Two independent individuals in synchronized harmony.

Emotional Tone: Connected, modern, tech-forward, and reciprocal.

Best Suited For: Partner hub hero marketing, couples feature campaigns.

Judges Note: Mainstream apps (Flo, Clue) treat the partner as an afterthought or lock sharing behind clinical charts. The Empathy Loop visually represents our philosophy: translating biological shifts into compassionate, actionable everyday care gestures.

DESIGN 03 — THE FOUR-PETAL CYCLE

Biorhythm Seasons & Natural Chronobiology

**Design Concept & Rationale**

The Four-Petal Cycle is an organic geometric kaleidoscope inspired by Japanese and Scandinavian minimalist craftsmanship. Four fluid spiral petals revolve around a central core, each distinguished by a soothing natural chromatic shade mirroring the four biological cycle phases.

The Four Phase Mapping:

- **Winter (Menstrual):** Deep terracotta warmth for rest, renewal, and cramps relief.
- **Spring (Follicular):** Soft peach blush for rising energy, stamina, and creativity.
- **Summer (Ovulation):** Honey golden amber representing peak vitality and magnetism.
- **Autumn (Luteal):** Muted sage earthiness for metabolic burn and emotional gentle care.

Emotional Tone: Mindful, holistic, grounded, and meditative.

Scientific grounding: Chronobiology emphasizes that female hormones operate on an infradian rhythm (approx. 28 days) rather than just a 24-hour circadian clock. This emblem honors each distinct season.

DESIGN 04 — THE MINIMALIST CRESCENT ♦

High-Impact Digital Monogram

**Design Concept & Rationale**

The Minimalist Crescent is an ultra-distilled geometric monogram engineered specifically for digital clarity at micro-scales (e.g. smart watch complications, desktop menu bars, and favicon 16px).

Key Symbolisms:

- **Geometric 'C' Arc:** Clean circular stroke representing both 'Cycle' and 'Care'.
- **Central Solitary Star:** The luminous inner compass guiding wellness decisions.
- **High Visual Contrast:** Maximum legibility even at 16x16 pixel dimensions.

Emotional Tone: Crisp, premium, tech-forward, and unobtrusive.

Best Suited For: Apple Watch glance widgets, discreet notification icons.

Micro-Scale Performance: When displayed at small sizes (such as browser tabs or smartphone lock screens), minimalist monograms ensure 100% brand recognition without visual clutter.

COMPARATIVE DESIGN MATRIX

Side-by-Side Architectural Evaluation

01. The Eclipse Bloom
★ Selected

02. The Empathy Loop
Partner Focus

03. Four-Petal Cycle
Seasonal Focus

04. Crescent Star ⚡
Minimalist Focus

Concept	Primary Motifs	Color Hierarchy	Strategic Advantage
01. Eclipse Bloom (Selected)	Crescent Moon + Lotus Petals + Star	Terracotta (#CE6B4E) Soft Blush, Gold Accent	Highest emotional warmth; instantly identifiable as holistic luxury
02. Empathy Loop	Continuous Ribbon + Heart Silhouette	Terracotta & Aubergine Gradient Transition	Unmatched visual storytelling for the 'Partner Connect' empathy
03. Four-Petal Cycle	4 Spiral Petals in Circular Motion	Terracotta, Peach, Gold, Sage Green	Direct educational mapping to the 4 biorhythm cycle seasons.
04. Crescent Star	Minimalist 'C' Arc + 4-Point Solitary Star	Warm Terracotta + Golden Spark	Ultra-clean legibility at extreme micro-resolutions (watch faces, s

Conclusion: All 4 designs are archived within the design system repository. **Design 01 (The Eclipse Bloom)** is now active in production across all web and PWA endpoints.
